

EASY VISION FOR AN EASY LIFE

WANT TO FORGET YOU WEAR GLASSES? YOU MADE THE RIGHT CHOICE.

Essilor created Varilux E series lenses for you. From the moment you try them, you will experience great vision, enjoying true images and enhanced visual comfort.

It has never been so easy to wear varifocal lenses.

As you will instantly feel comfortable, you can wear them for your daily routine and activities such as: Driving, working, going downstairs, playing with your kids, reading etc.

Varilux E series: Perfect image.

Did you know that image distortion is the main problem in standard varifocal lenses?

Indeed, image distortion requires more effort of the eyes and compromises your instant visual comfort.

This is why Varilux researchers created a new technology, SWIM CONTROL, which significantly reduces distortion so you can enjoy wearing your new glasses immediately.

VARILUX®
— PROGRESSIVE LENSES —

Today, Varilux® lenses are sold in more than 100 countries, giving millions of people the gift of seeing clearly at all distances.

Satisfaction guaranteed

All Varilux lenses are covered by an adaptation guarantee, which means that in the unlikely event you are dissatisfied with your Varilux lenses in the first 60 days, your optician will replace them with a suitable alternative.

For more information ask your optician or visit: www.essilor.co.uk
