

Extended Warranty Plan

For Peace of Mind

Essilor Extended Warranty Plan is designed to offer customers' peace of mind when purchasing Essilor branded optometry equipment.

Our plan ensures there are no unforeseen charges for you in the months ahead, enabling you to effectively budget the running of your practice.

All work is carried out by Essilor fully trained engineers, who are located throughout the U.K. & Ireland.

After your extended warranty has expired, we will continue to offer a service plan based on a pay as you go basis, where standard charges for call out, travel, labour and parts will apply.

The Benefits

- No call out charge*
- No travel charge
- Spare parts included
- Ongoing product support
- Free software updates
- Available on point of purchase
- Repair or Replace Guarantee**

PLEASE TURN OVER FOR FULL PRICING

* Labour charges will still apply at a standard rate of £90 / hour.

** Loan unit provided whilst repair is carried out offsite.

Essilor Extended Warranty Plan covers product components only, excluding consumables. Extended warranty does not cover equipment that hasn't been maintained in accordance with the manufacturer's guidelines.

Please review our full Essilor Extended Warranty Plan pricing overleaf.

Pricing

Full Manufacturer's warranty* included free of charge.

Thereafter, extended warranty is available up to a maximum of 5 years on new Essilor branded optometry equipment.

Extended warranty is available on existing Essilor branded optometry equipment on an annual basis, for equipment up to 6 years old.

Please note, if you choose to purchase extended warranty at the time of purchase, you may be able to include it in your finance package, making it a much smaller monthly fee. Please check with your finance provider.
